**Report of Principal and School Improvement Council**

The 2008 – 2009 school year was awesome. We soared to heights unknown. Once again, we received numerous recognitions on both the federal and state level. We are proud of the strides everyone has made to become a 2009 Carolina First Palmetto's Finest Award finalist and to win the South Carolina Palmetto Gold Award for Closing the Achievement Gap in academics. The teachers and the students worked very hard to achieve these goals. Also, for the fifth straight year, we have met the federal guidelines of Adequate Yearly Progress (AYP).

Progress continued to be shown through the achievements of our students in many areas. We had a State Department Writing Award winner, a South Carolina Middle/Elementary School Academy of Science (MESAS) regional winner and school winner. Together with this year's students, a total of 33 have been identified as "Duke Scholars". We continued to provide intervention programs for our students, such as a Junior Kindergarten through Junior Third Grade classes. Teachers of child development through second grades undertook a Montessori math intervention initiative, which proved to be very effective because some of our first graders can now multiply. Additionally, over one hundred students were served in the After School and Saturday School Programs. This is the fifth year of literacy groups from first through third grades. This initiative expanded to include literacy groups for our child development and kindergarten students. Our technology initiative expanded to include computer-based instructional programs (i.e.) Success Maker, Waterford, Study Island, BrainPop, Reading Mastery, and Language for Learning. Guinyard's faculty has had numerous opportunities for professional growth. The Teacher Advancement Program (TAP) has increased student achievement and provided a framework for our teachers. The district wide book study helped teachers gain more insight on motivational techniques to inspire students.

Highlights of the school year include the production of a video by the University of South Carolina for national distribution, USDA Fresh Fruit & Vegetables Grant, an outside science lab, Science Fair, R.I.D.D.E. Program, D.A.R.E. Program, Carolina Cares, Artist-in-Residence, and the Statewide Outreach Project, LLC, to name a few. We also held several evening programs to provide parents with information to better assist their children. It is because of these initiatives that our school received both state and government recognition.

In closing, Guinyard's staff is grateful for the support it has received from the school Improvement Council and the PTA. We would also like to thank our district personnel, school volunteers, parents, community, and students for their continued support.
